57 A Pinetree Way  
Dahlonega Ga. 30533

---

Date: September 3, 2009

Dear Citizens,

The Lumpkin County Fire and EMS Department would like to extend our sincere appreciation to the many citizens and businesses that contributed to the purchase of the new ambulance. We are pleased to announce that we have received the entire \$50,000 required for the Timken Grant matching funds. Due to your generosity, we will receive \$150,000 in grant funds from the Timken Foundation. It is wonderful to know that even in difficult economic times there are people in our community willing to give out of the goodness of their hearts. The department is very grateful to have had the chance to work with a company as great as Timken and to provide quality emergency services for the citizens of Lumpkin County. Our goal is to deliver the best care available to our citizens and your generosity has helped us achieve that goal! Thank You!
